

Queensland AIP farewells Chairman

Ralph Moyle, Queensland Chairman has recently announced his resignation as he is heading to 'warmer' weather in Victoria to pursue his career....Ralph took on the role as Chairman with gusto and passion and has done a fantastic job! He will be sorely missed in Queensland.

"The departure of Ralph Moyle will be Queensland's loss and Victoria's gain. Ralph's contribution to the Queensland Branch has been one filled with an infectious enthusiasm and a real commitment to the Institute and its well being. As Chairman, the Branch has gone from strength to strength due to his stewardship. His packaging knowledge and experience from one of the largest canneries in the Southern Hemisphere makes him an expert in this important area of packaging. He has been a significant player in the on-going development of Golden Circle.

"Ralph Moyle is one of QLD's most experienced and respected packaging professionals. There is an old saying that there are three basic types of people out there; ones that make things happen, ones that watch things happen and ones that wonder what happened. Through his considerable efforts with the Australian Institute of Packaging, Ralph has demonstrated that he is not only passionate about advancing his sphere of packaging impact but also actively assists others in our industry to broaden their experiences and knowledge. On behalf of all of the Queensland Members of the Australian Institute of Packaging, I would like to wish Ralph all the best in his new endeavours and thank him for his tireless efforts."

Message from the National President

"Ralph Moyle has been a proud and passionate Chairperson for the Queensland branch of the AIP. Under his leadership the branch has grown and continued to provide value for membership culminating recently in the IGD/AFGC Breakfast Seminar which Ralph had been requesting for some months. In spite of small membership numbers he was convinced that if the Qld branch were able to put on interesting speakers then industry would support the initiative and this certainly proved to be correct. I am sure that the Queensland members wish Ralph all the best for the future and the Victorian branch will welcome his enthusiasm."

12th & 13th June, Luna Park Sydney
